Hampshire Alert have you signed up yet

The Havant & Emsworth Neighbourhood Policing Team will be stepping up its use of Hampshire Alert as a way to provide its communities with up to date information regarding incidents and events that are happening in your area.

www.hampshirealert.co.uk is a free web based system which you can sign up to and choose what information you want to receive and in what format, email, text or phone message. So the alert is personal to you.

The alert system is straightforward and you can still receive all the relevant information you require, plus additional information on topics of interest which has previously been unavailable to you.

By using Hampshire Alert you will be one step ahead. You will be notified of relevant information/warning/crime much more quickly, and you won't miss out on important updates on incidents occurring in your locality.

Hampshire Alert is nothing like Facebook, Twitter or any other social media site. All the information is kept secure and private; you do not need to set up a social page or add pictures.

Once registered, you only need to log into the system to update your details or preferences. Alerts will be sent to your chosen email or phone number.

Crime Prevention Advice – Youth related anti-social behaviour

Anti-social behaviour can have a dramatic affect on communities. Typical scenarios involve groups of young people gathering and causing some kind of a nuisance, e.g. criminal damage, graffiti, littering, intimidation and drinking.

Advice:

- Avoid confrontation
- Record dates, times and details of the incidents and report to the appropriate authority at the time of the incident.
- If you live in rented accommodation inform the property owner, they may be able to offer additional support and advice.
